

## ASHA HARRISON

### Director / Senior Health Services & Facility Planner

#### EXPERIENCE

Asha has a Bachelor Degree in Paramedical Science as well as a Postgraduate Certificate in Occupational Health & Safety. Asha's clinical health experience as a Paramedic has enabled her to develop strong and effective skills in the field of Health Services and Facility Planning. She has been an integral member on multiple complex, staged new build and redevelopment projects ensuring a service delivery driven outcome.

Asha has developed multiple service delivery and planning documents, and has managed and facilitated user groups for planning and design across numerous health infrastructure capital works projects throughout Western Australia, ACT and Queensland. Asha has extensive experience working in remote regional locations across WA, and has a thorough understanding of cultural sensitives and operational complexities of delivering health care in remote locations.
