

## BRYONY FINLAYSON

### Director / Health Services & Facility Planner

#### EXPERIENCE

Bryony's combination of education and experience has proven beneficial when managing and coordinating the varied activities that occur across multiple projects and programs of works including project administration components.

Bryony has extensive experience in developing and delivering key planning documents such as Strategic Plans, Concept Briefs, Business Cases and Functional Briefs, including Schedules of Accommodation. She provides advisory services to clients through Schematic and Design Development, the tender documentation review phase, construction, building and operational planning, defect liability period and post occupancy, including undertaking evaluations and audits. Her experience has been gained working on projects in metropolitan areas along with regional and remote facilities.

Her ability to facilitate user groups has proven beneficial through all stages of health infrastructure capital works projects and her Project Director knowledge aids her in providing strategic, technical, health services and facility planning advice to her clients.

#### EDUCATION

- Master of Science in Project Management, Curtin University of Technology
- Bachelor of Commerce in Accounting and Management, The University of Notre Dame Australia
